## Mahindra & Mahindra Tractors launches Yuvraj 215 NXT

Bengaluru: Nov 28, 2014, DHNS

Mahindra & Mahindra Ltd (M&M), the market leader in the Indian tractor industry, rolled out its new Yuvraj 215 NXT, with solid style and performance in Karnataka.

Mahindra's Yuvraj 215 NXT offers modern technology at an attractive price. This 15 HP tractor

is compact, easy to operate and fuel efficient with low operating cost, which makes it ideal for small landholdings and inter-culture operations.

Its stylish front grill gives the Yuvraj 215 NXT a new contemporary look. Its big head lamps enable better and longer visibility and it is the first tractor in this segment to boast of a water cooled single cylinder direct injection engine and automatic depth and draft control hydraulics for even depth in the field. The side shift gear lever with the 'seat with weight adjustment' ensures ease of driving and comfort to the operator. The Yuvraj 215 NXT drives at a top speed of 25.6 Kmph with haulage capacity of 1.5 tonne. It has a two part detachable silencer for easy manoeuvrability and a tool box located below the battery box for easy access.

Ravindra Shahane, Vice President, Marketing, Farm Equipment Sector, Mahindra & Mahindra Ltd., said "At Mahindra, our objective is to increase farm productivity and enhance rural prosperity. Apart from offering an unbeatable value proposition, solid style and solid performance at an attractive price, the Yuvraj 215 NXT is part of our vision to Deliver FarmTech Prosperity to farmers in Kamataka through its multiple application features."
