Your Mahindra, Your Control

**DiGi SENSE 4G**  
by Mahindra

**EYES ON THE TRACTOR  
MEANS BETTER  
PERFORMANCE.**

Now know all that you always want to know. Introducing DigiSense Technology.  
With this modern technology developed by Mahindra, you can control your tractor.

Your Mahindra, Your Control

### EYES ON THE TRACTOR MEANS BETTER PERFORMANCE.

#### ● Live Tracking

Get information about the location of your tractor in real time and the direction in which the tractor is moving.

#### ● Geo Fence

Geo-Fence feature create imaginary boundaries around farms and Districts. Receive alerts when tractor moves in or out of this boundary.

#### ● Diesel Level Monitoring

Get information on how much diesel is in the tractor every time. Receive alerts when diesel is low.

#### ● Critical Alert

Receive alerts when critical issues such as engine overheating or low oil occur while the tractor is operating.

#### ● Service Alert

Now receive service alerts at scheduled intervals, making tractor maintenance easier.

#### ● Usage details and history

Get information related to active engine hours for any day in the last 3 months, average, rpm, mileage, area work and productivity.
